

# EYE TECH OPTICS

The Guardians of your eyes

## Testimonial

\* Good morning

I am Bhavin representing Eyetechnics -the Guardians of your EYES

We have 4 stores conveniently located across the Hyderabad city -and have been catering to customers for over 15years

I wish to share a very recent situation. My 5 yr old nephew was playing at the house and happened to cut his tongue. The boy was bleeding heavily and we rushed to a neighbour hospital-where they mentioned -that being a Sunday..the surgeon was expected only in the evening

In the midst of the panic ..and since time was critical, I called Dr Nitesh Agarwal-and he told us to rush the kid immediately. And even as we reached, Dr Nitesh had arranged for a surgeon to be available at 11:30am ..and take charge-complete the surgery successfully..and admit the boy for an overnight stay for observation.

We are happy to say he is back to being his naughty self..and everyone at home very relieved that a major mishap was avoided.

I thank Dr Nitesh and Souther Gem hospital for their concern and attention. And have no hesitation to recommend them highly

Truly..they not only bring life into the world..but also the JOY OF PARENTING
