*I Dr.P.Madhurima Reddy, Founder & CEO, Peak Performance Trainer, Psychologist Counselor, Life Coach, La Winspire International Training & Solutions LLP.*

*I was beyond impressed with my experience at Dr. Nitesh Kumar Agarwal and Dr. Sweta Agarwal "Southern Gem Hospital". With amazing facilities and personal care taken by all the qualified Doctors and staff.*

*My clients Mr.Sidda Reddy and Mrs. Mamatha approached them for IVF treatment and expertise suggestion. They are extremely happy and planning for their treatment.*

*I profusely appreciate Dr. Nitesh Kumar for his initiative taken for the training. A lot of doctors don't realize how important it is to have In-House training for their staff. He is an excellent Doctor with high knowledge and perfection, truly professional with great dedication and devotion to serve for the people and society. A humble and great human being with lot of empathy. I strongly recommend this medical group to all my friends, clients, and their families, associates to approach for the treatments.*

**Thank You**
